

POLYMER WEEK 2026

SPARK OF INNOVATION

OLGA CHERNYSHOVA'S CLASS

Within Olga's full-day class, you will explore lightweight hollow forms, volume, and texture while creating contemporary sculptural jewelry without using any molds. You'll discover how to build vibrant, tactile, and fluffy surfaces, experiment with different color possibilities, and create interchangeable compositions for versatile wear.

For the class, you'll need to bring a few basic tools, sandpaper, and, importantly, a 3 mm leather hole punch. Polymer clay materials, a working tile, and other essentials will be prepared for you on-site.

Note: Items marked with a * will be available for purchase at the venue to make your trip to the Czech Republic easier, so there's no need to travel with sharp tools or search for specific materials.

LIST OF TOOLS AND MATERIALS

OLGA CHERNYSHOVA'S CLASS
