

POLYMER WEEK 2026

SPARK OF INNOVATION

HANNAH LIM'S CLASS

During Hannah's full-day class, you will explore casting, sculpting, and mixed media while creating a finished sculptural box with its own unique story. You'll learn how to cast flat and three-dimensional objects, experiment with color effects, sculpt fine decorative motifs, and bring different materials together into one functional artwork.

For the class, you'll only need to bring a few basic tools, mainly for sculpting the details. All other materials, a working tile, and other essentials will be prepared for you on-site.

Note: Items marked with a * will be available for purchase at the venue to make your trip to the Czech Republic easier, so there's no need to travel with sharp tools or search for specific materials.

LIST OF TOOLS AND MATERIALS

HANNAH LIM'S CLASS

● PASTA MACHINE

- can be rented in advance on our website

● SCALPEL *

● ROLLER OR ACRYLIC BRAYER
